Dental benefits are an arrangement between you and your insurance company. We offer electronic filing with your insurance company to assist you to claim your insurance benefits.

You should receive a cheque for the amount of your insurance benefit, by mail, from your insurance company, sometimes within a few days. If convenient, we will accept the payment from your insurance company to eliminate or minimize any fees payable.

We offer cash, Interac (Debit), Visa, and MasterCard as options to assist you with payment on the day of treatment.

## COURTESIES

**As service providers, we know that your time is very valuable and we hope you feel the same way about our time.**

We strive to see our patients on time for appointments. Sometimes circumstances arise in the clinic that are unexpected. Our first priority is for the patient who is currently in the dental chair and whose treatment may require extra time.

We require **2 business** days notice, excluding weekends and holidays, for you to make a change to your appointment time. A service charge may be applied to your account for any missed or "short notice" appointments.
